ORDER TO REPORT FOR INDUCTION

The President of the United States,

To HOWARD
(First name)LYLBURN
(Middle name)STUCKEY
(Last name)Order No. 1791

GREETING:

Having submitted yourself to a local board composed of your neighbors for the purpose of determining your availability for training and service in the land or naval forces of the United States, you are hereby notified that you have now been selected for training and service therein.

You will, therefore, report to the local board named above at

212 Federal Bldg.
HAMILTON, OHIOat 7:30 a m., on the 29th day of March, 19 43
(Hour of reporting)

This local board will furnish transportation to an induction station. You will there be examined, and, if accepted for training and service, you will then be inducted into the land or naval forces.

Persons reporting to the induction station in some instances may be rejected for physical or other reasons. It is well to keep this in mind in arranging your affairs, to prevent any undue hardship if you are rejected at the induction station. If you are employed, you should advise your employer of this notice and of the possibility that you may not be accepted at the induction station. Your employer can then be prepared to replace you if you are accepted, or to continue your employment if you are rejected.

Willful failure to report promptly to this local board at the hour and on the day named in this notice is a violation of the Selective Training and Service Act of 1940, as amended, and subjects the violator to fine and imprisonment.

If you are so far removed from your own local board that reporting in compliance with this order will be a serious hardship and you desire to report to a local board in the area of which you are now located, go immediately to that local board and make written request for transfer of your delivery for induction, taking this order with you.

Member or clerk of the local board.

HEADQUARTERS FIFTH SERVICE COMMAND
SERVICES OF SUPPLY

Fort Hayes, Columbus, Ohio

SPKED 004.6 (Ins.)

SUBJECT: National Service Life Insurance.

TO: Each newly inducted soldier, Fifth Service Command.

1. You are now serving your Country as a member of its Armed Forces.
2. Your Country is offering you a service, something you can obtain nowhere else, \$10,000 of Life Insurance WITHOUT a war clause and WITH a waiver of premiums in case of permanent or total disability.
3. Social Security is based on the assumption that you can work until you attain the age of 65. If you are 25 and earn \$100 per month--\$1,200 per year - you have a potential value to your family in the amount of \$48,000! Your Government is offering you the opportunity to GUARANTEE \$10,000 of this amount to your dependents for a very small monthly payment. At the age of 25, it is only \$6.70 per month.
4. Attached you will find a small leaflet titled: "For Soldiers, National Service Life Insurance". Read it carefully. It contains valuable information. National Life Insurance is truly FOR SOLDIERS-civilians are not eligible for it!
5. When you reach a Reception Center, the Life Insurance Officer there will answer any questions you may have, and you will be given the opportunity to guarantee part of the economic value of your life to your dependents, if you should be one of those who fail to return. It is hoped that you will avail yourself of it and take the \$10,000.

For the Commanding General:

SPOTTSWOOD W. DUKE,
Major, Infantry,
Actg. Insurance Officer.

DETACHMENT 1511TH SERVICE UNIT
EXAMINATION AND INDUCTION BOARD NO. 7
CINCINNATI, OHIO

You are now a soldier in the Army of the United States. As such you are subject to military law, and the Articles of War, as was explained to you at the time of your induction by the Induction Officer.

You have expressed your desire to be transferred to the Enlisted Men's Reserve, and you have a copy of the order affecting such transfer and recalling you to active duty.

As a soldier you have new responsibilities. They are to yourself as a soldier, to the Country, and to the men in the service with whom you will soon serve. Your first assignment is to carry out the instructions given you through the order you have received, and in conformity therewith, to do your particular part so that your detail will perform the travel from this station to your Local Board, and back to the Reception Center, on time, and in a soldierly manner.

One of your group has been appointed Acting Corporal. He may be a close friend of yours, or a stranger. The fact that he is not in uniform or that you are not in uniform does not alter the relationship between you. He has been appointed Acting Corporal and for the purposes set out in your order and instructions, he represents the properly constituted military authority. Co-operate with him so that your detail will creditably handle its first assignment, but remember he has authority to direct you by order.

After you reach home you have time to straighten out your personal affairs.

APR 5 1943

On APR 5 1943 you will assemble at 1:00 P. M at your Local Board. At that point your presence will be checked, and accounted for. If you are tardy, you will cause trouble in routing your detail back to the Reception Center, and will have violated your first order as a soldier. It is obvious that such would not reflect credit to you. EWT

Your conduct while on the train or bus on your way back to the Local Board and from there to the Reception Center must be that of a soldier. In short you must conduct yourself as a gentleman. Any damage you should occasion by misconduct will be placed against you.

You should bring only a minimum of Civilian clothing with you to Reception Center as it will be necessary for you to send them back home when your uniform is issued to you. The following will suffice: Small traveling bag containing one suit of underwear, one extra pair of socks and necessary toilet articles including a face and bath towel. You should present a neat clean appearance when you reach the Reception Center. Your hair should be cut and your fingernails clean.

Remember you are now a soldier. Let your actions be so governed.

"The Score"

This memorandum is prepared for your information and guidance. We attempt here to give you "the score" on your new temporary home. We have neither the time nor the opportunity to explain carefully to each and every man that comes in to this Detachment the things that are expected of you, so we're going to take for granted that you're a soldier and that you will conduct yourself as such. The list here is pertinent facts that vitally affect you during your stay here. We shall be brief:

1. Where Am I? This is the 2nd Detachment, 3rd Air Force Replacement Depot, Plant Park, Tampa, Florida.
2. How long will I be here? The average man gets out of here within a week, although we have shipped men out on the same day they arrived. You will consider yourself available for immediate shipment from this moment on.
3. What do I do here? You will be given a "brush-up" training course, consisting of lectures, training films, and physical training. A Medical Officer's "P. S." slip will excuse you from drill and calisthenics, but will not excuse you from lectures and films.
4. Where do I go from here? To any field or post in the 3rd Air Force, which may be in nearly any State in the Union. This is not a Port of Embarkation. Do not ship directly overseas.
5. What Formations Do I Stand?

First Call.....0600
 Reveille.....0610
 Breakfast.....Varies - Wait for Whistle (Formation)
 Work Call.....0800
 Recall.....1100 or 1130
 Dinner.....Varies - Wait for Whistle (Formation)
 Work Call.....1300
 Recall.....1600 or 1650
 Supper.....Varies - Wait for Whistle (Formation)
 Lights Out.....2200
 Curfew.....2330 Enforced.

6. I'm a man with several years service and carry a high rank. What becomes of my privileges here? Look around you - you have plenty of company. You must recognize that since this is a casual camp, you may not carry the full privileges you may have been receiving as an upper three grade man. You will receive the respect your stripes and your manner calls for. You will not be "kicked around."
7. Passes? We are located within 6 blocks of downtown Tampa, and are permitted to allow 50% of our personnel off the Post each night. You may receive a pass to town every other night.
8. Laundry? No!!! Do not send laundry out. Service is poor, and you will be shipped before you can get it back.
9. ABOVE ALL: Be sure you are where we can lay hands on you at all times during the day. There are many things we may need you for at any moment.
10. NO PASSES BEYOND CURFEW..... NO FURLOUGHS (EXCEPTING EMERGENCY) NO SEPARATE RATIOS. NO LIVING OFF POST. NO PAY WHILE YOU'RE HERE..... Anything else?.....ask the 1st Sergeant.

 JOHN L. SCHNEIDER,

A Bit OF HISTORY

From marshland to important military base! That is the story of Drew Field!

Nursed not even a year by its "mother," MacDill Field, Drew officially ventured forth alone into this world at war on September 15, 1941. Less than a year before this time, the present training place of bomber crews and aircraft warning units was nothing much more than a sod-covered cow pasture spotted with swamps. Thus was born Drew Field!

Then began the prodigious building program which made Drew Field one of the largest military airfields in the country, and which exemplified the tempo and ingenuity of the American people girding themselves for war. Col. Melvin B. Asp had been designated commanding officer of Drew while it was still under the parental guidance of MacDill. The Third Fighter Command (then the Third Interceptor Command), which had already established its headquarters here, was a vital part of America's air defense system during the earlier, more precarious days of the present war. And, thus, it was this same Third Interceptor Command which was originally responsible for the training activities which have since characterized Drew Field.

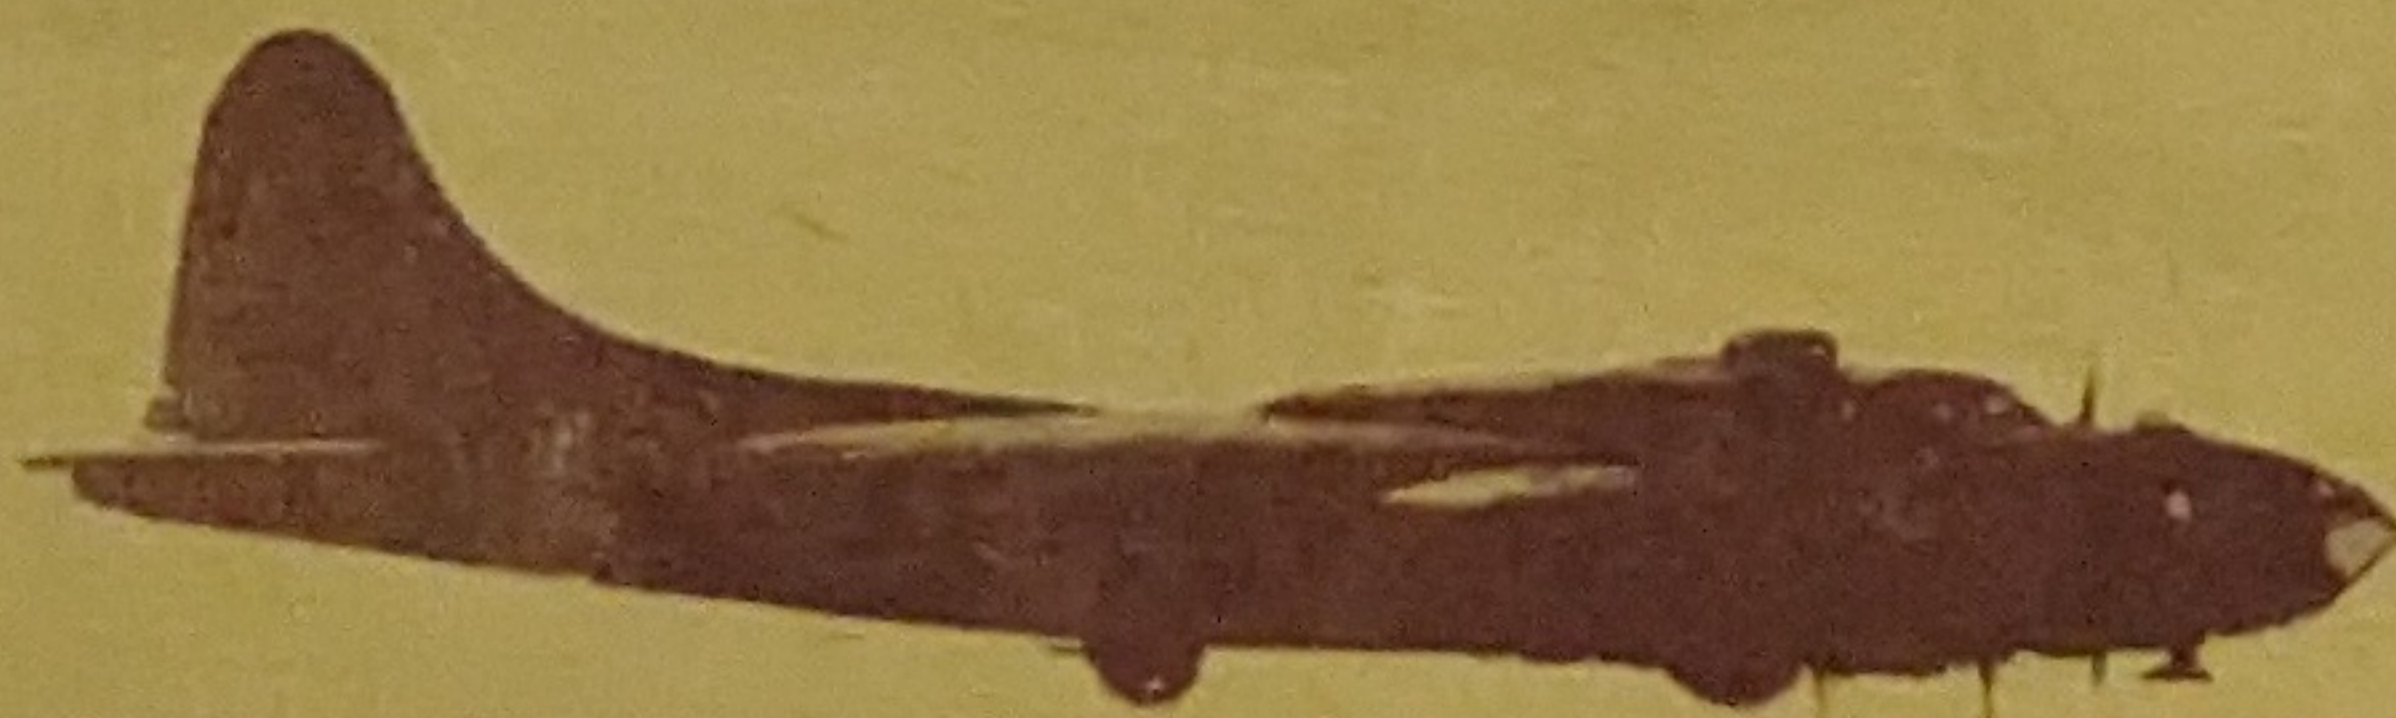

Building continued at an amazing rate, and so fast did men pour into the field that tents had to be thrown up as a temporary housing expedient! But soon the tents gave way to barracks. Paved streets took the place of palm-lined paths. A railway was laid to the field. And then in December, 1941, right on the heels of the heinous attack on Pearl Harbor, Drew Field was opened to military air traffic, and the first plane landed on the brand new runway.

From that day on, the youngster, Drew Field, continued its rapid growth. First it was a training base for P-40 Fighter Squadrons. Then came the Dive-Bombers, screaming daily at practice targets and releasing their death-dealing load. And then, in the Fall of '43, began the now familiar droning of Flying Fortresses, as their intrepid, well-trained combat crews combined their talents, later to be used in the art of strewing death and destruction upon our enemies.

Also, shortly after Pearl Harbor, the Third Interceptor Command, headed by Col. Benjamin Stern, began a phase of training peculiar to this war alone—Aircraft Warning, involving the use of our secret weapon, Radar. In October of 1942, the Aircraft Warning Unit Training Center was officially activated as a separate function, commanded still by Col. Stern. A half year later, in March, 1943, Brig. Gen. S. H. Sherrill, present Commanding General of A.W.U.T.C., took over. Aircraft Warning is a Signal Corps function operating in cooperation with the Air Corps.

John H. Drew, Tampa contractor and land-owner, for whom Drew Field was named, probably little realized that his swamp-studded cow pasture would become in such record time a military base of double-barrelled importance—a replacement training center for Heavy Bomber crews, and an Aircraft Warning Unit Training Center.

Present Base Commander of Drew Field is Col. Wendell B. McCoy, who was transferred here from Lake Charles, Louisiana, when Colonel Asp, first Base Commander, left here for overseas duty.

No special words of praise or thanks
Come with this wish for you,
For words could never start to tell
The thoughtful things you do;
The little things that fill my days
With happiness and cheer,
The things that make my love for you
Grow deeper every year.

Merry Christmas!

American Seventh Army Within Twenty-five Miles of Munich As Third Army Moves Down Danube

Paris, France—The American Seventh Army today closed within 25 miles of Munich and broadcasts from that Nazi city said a revolt was seething in the city.

Augsberg, third city of Bavaria, fell to Lt.-Gen. Patch's troops. The Seventh Army reached the Austrian frontier at Fuessen, 55 miles over the Alps from the Brenner Pass after charging 45 miles into the western end of the German national redoubt.

General Patton sent his Third Army infantry 31 miles north of the city while his tank divisions moved down the Danube Valley in Austria toward an imminent junction with the Russians west of Vienna to all of Czechoslovakia.

London, England—Russian tanks have broken through Berlin's last defense line to the Alexander Platz, the German High Command announced tonight as three Soviet armies stormed beyond the falling capital in advances of as much as 25 miles in an offensive that was cutting what remains of Germany to shreds.

German defenders of the erstwhile Western Front were reported "turning their backs" on the Anglo-American armies in an effort to fight through to the relief of Berlin. The Germans still held 30 square miles of Berlin. Heavy Soviet cannon in one of the most terrible barrages of history were obliterating everything inside that pocket.

HEADQUARTERS
AAF PERSONNEL DISTRIBUTION COMMAND
OFFICE OF THE COMMANDING GENERAL
LOUISVILLE, KENTUCKY

To Former Members of the AAF Team:

The purpose of this letter is to convey General Arnold's sincere interest in those who served as members of his Command. Even though you no longer wear the uniform, we of the Air Forces still consider you one of us. The bond of friendship and mutual understanding among Air Force personnel, strengthened by contributions such as yours, was a primary factor in making possible the unprecedented accomplishments of the Air Forces during the recent conflict.

In the interest of maintaining this bond, we want to make provisions for assisting you, wherever possible, in the solution of problems encountered in your return to civilian life. We wish we could make all Air Force facilities available to you, but you, of course, realize the impossibility of doing so under present laws.

However, there is a trained Air Force officer at each AAF base to assist both our present and former personnel in the handling of their personal affairs.

We would be glad to have you contact the Personal Affairs officer at the nearest Air Force base if you have a problem which you feel he can help you solve.

Sincerely,

RICHARD C. SANDERS
Brigadier General, USA
Commanding

ARMY AIR FORCES
Certificate of Appreciation
FOR WAR SERVICE

TO

HOWARD L. STUCKEY

I CANNOT meet you personally to thank you for a job well done; nor can I hope to put in written words the great hope I have for your success in future life.

Together we built the striking force that swept the Luftwaffe from the skies and broke the German power to resist. The total might of that striking force was then unleashed upon the Japanese. Although you no longer play an active military part, the contribution you made to the Air Forces was essential in making us the greatest team in the world.

The ties that bound us under stress of combat must not be broken in peacetime. Together we share the responsibility for guarding our country in the air. We who stay will never forget the part you have played while in uniform. We know you will continue to play a comparable role as a civilian. As our ways part, let me wish you God speed and the best of luck on your road in life. Our gratitude and respect go with you.

A large, stylized handwritten signature in black ink, appearing to read "H. Arnold", is written over the typed name.

COMMANDING GENERAL
ARMY AIR FORCES

HOWARD L. STUCKEY

To you who answered the call of your country and served in its Armed Forces to bring about the total defeat of the enemy, I extend the heartfelt thanks of a grateful Nation. As one of the Nation's finest, you undertook the most severe task one can be called upon to perform. Because you demonstrated the fortitude, resourcefulness and calm judgment necessary to carry out that task, we now look to you for leadership and example in further exalting our country in peace.
